CLASS PROPHECY

Glancing into the future to see what the class of 1961 has been doing for the past ten years, we find most of our friends scattered all over the world and a few off the world.

Marriage has claimed fourteen of our girls. Judy Hakanson, Shirley Bonneau, Pat Baron and Hilda Saborio have married pilots working for the Trans-World Air Line. They are busy keeping their children on the ground. Edna Baker just married Ted Kennedy and is planning to become a First Lady. Linda Nelson and Sharon Knatz are married to twin brothers and live next door to each other on a gold mine in Alaska. Zola Steele married the head doctor of the Walter Reed Hospital. Diane Shore married Christian Dior's Vice-President and now is sending the United States many beautiful fashions. Barbara Hall, Diane Nolte, Molly Engelke, Stephanie Dryer and Kathy Stromberg are very happily married and are raising large families.

Here in Panama, we find Gary Irving building a tunnel under the Canal for a highway. Paul Ebdon is helping him dig. Mike Rudge is chief taster in the Balboa Brewery. Leo Sanchez is President of Panama and is working on a new reform bill to build three diamond-shaped swimming pools in Panama, the contracts for which will be handled by Harry Butz. Don Bonneau is head of the "Society for the Prevention of Cruelty to Iguanas." Bobbie Vache is his secretary. Perry Washabaugh has finally graduated from Junior College, C. Z., and is now planning to continue his education in the States. Mike La Croix has finished his apprenticeship, and plans to own Westinghouse, someday.

Far, far away from the Canal Zone, we see the first space ship in outer space, designed by Rod Brayton. John Cronan is Captain and Mario Martin is Co-Captain; Bert Murray is the Doctor and Lesley Berger is Chief Nurse; Jack Williams is the scientist. Jay French is translator, in case they find people on the Moon.

Looking toward Earth's atmosphere, we find some of our lads in the Air Force. Danny Smith has decided to make a career out of the Air Force. In celebration of this very important event, he was sent to Afghanistan. His very lucky crew are Jack Taber, Allen Messer, George Cotton and Mike Littleton. As they land in Afghanistan, they see Randy Coate, the famous "Walker," who has decided to walk around the world. He has nearly drowned three times.

In France, we find Helen Spector, enjoying her trip to Paris. She came from the United States on a ship commanded by Captain Robert Morrissey. Helen wanted to go to Paris for not only its beauty but because the famous hair stylist, Kathy Kucikas, is there. Kathy is famous for her "weather beaten" hair-do's.

In other countries, all over the world, we find Pat Dockery, Tim Lasher and Larry Corrigan, who are now proud fathers of many children and are heads of big department stores in French Indo-China. Alex Stearns and Jay Bialkowski have combined forces and are now President and Vice-President of a tuna-canning factory in Nova Scotia. Liz McLaren is a watch-checker in Switzerland. Bobby Walker manufactures Volkswagons in Germany.

Betty Limkemann is the first female president of Macy's, and, from what we hear, she is making millions of dollars. Of course, with David Miller as her head salesman, she has a reason to be making millions.

One of our illustrious students is writing a book. He is John Manning, who rides trains—underneath. He is writing a book entitled *People As They Are*, and he needs a worm's eye. Autographed copies will be furnished at Gimbel's.

Looking into Macy's once again, we find Giles Martin and Walter Kleefkins playing Santa Claus in order to dispose of their money. They are wealthy philanthropists, having played the stockmarket and made millions.

Cecilia Lelaidier is Private Secretary to Make Metcalf, who is working on his eighth billion and has almost all of it. Veronica Blennerhassett is a psychiatrist. Norman Rockwell has a new partner—Pat Egger. Julianne Bantin has started on her trip to paint the North Pole.

Sharon Cooper, Sharon McElhone and Barbara Erikson are famous models now because they all look like the President's wife (she is Mrs. Cody Hollowell, who, of course, is married to our Cody Hollowell). One of our girls has just gained the distinction of being elected the youngest Senator the United States has ever had. She is Andrea Grebien, senator of California.

Carol Agee holds the newly-created Cabinet post—Secretary of Schools. Her Assistant is Lynne Coffin. Beverly Brownlee, Becky McLeod, and Pam Theriot are high school teachers. Ginny Favorite and Mary Jane Husted are physical education teachers. Helen Fogle is a Science teacher and plans to teach at CHS. Judy Hallett teaches at a Business College in Massachusetts.

Tom Billison is a colonel in the Army and is expecting to become a general very soon. Henry Wells, Alfred Valdez and Allen Jacques are serving in the Army in Japan, Germany and Panama.

We also have some great athletes in the class of 1961: Wally Woodruff is playing for Yale and is their star player; Warren Marquard has become the best golfer in the world; Carol Seaman is an Olympic swimmer.

Brenda Collins has become a famous Hollywood movie star. She stars with Dewey Whittaker, who is competing with Tab Hunter.

Next we see Mrs. America of 1971. She is Mary Nell Lee. Mary Nell had to pass tests on cooking, sewing and other household arts. She passed them all with flying colors. Livia Lippincott is teaching dancing in Arthur Murray's Dance Studio. Betsy just finished her latest book, *The Cross-Polination of Orchards*. Hebe Hearne's teeth are being seen by many people all over the world, because she advertises tooth paste. Hazel Kirkland, racing at Datona Beach, has won three winner's cups. Ginger Slowick is working in a hospital as a dietician.

Tommy Dugan has retired after earning his first million. Leslie Tompkins is famous for being a flag pole sitter. Driving dynamite trucks is fun to Leonard Wertz. He always did love to do crazy things.

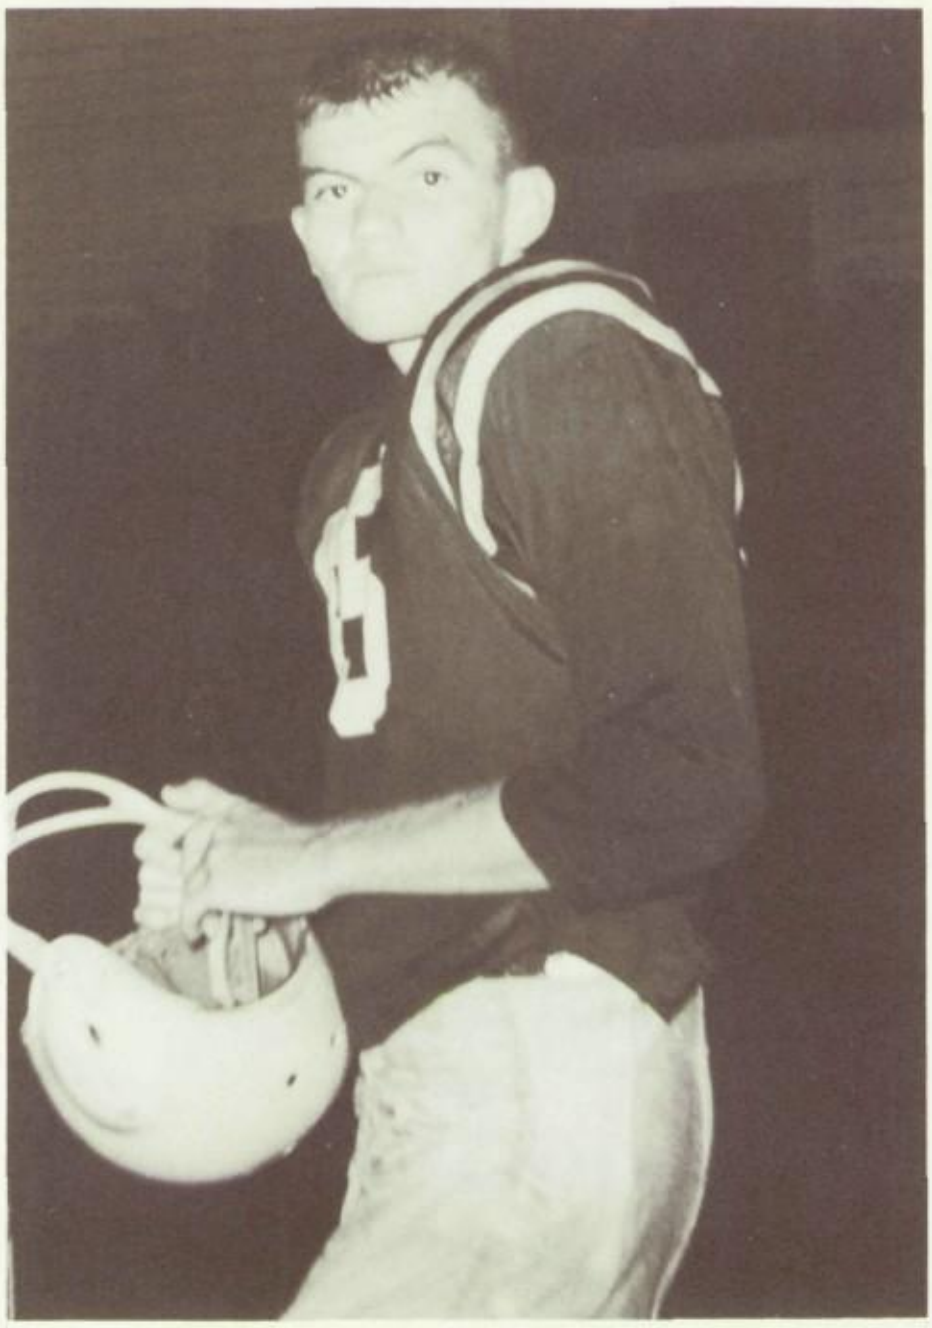
TOM BILLISON



TRIBUTE TO A FIGHTING TIGER

Tom Billison is without a doubt one of the hardest working and serious-minded young men ever to walk the halls of Cristobal High School. By his very own nature and personality, Tom has proved to be a very able leader and a person that all of us respect. He has been outstanding on the football team; hard work and his desire to excel have made it possible for him to earn these honors.

His election as "Co-Captain" of the 1960 Tiger football squad was an honor in itself. Tom was also elected as a Co-Captain for the Palm Bowl Football Squad.

One more honor was bestowed upon Tom at the end of the season: "Most Valuable Player" on the 1960 Tiger Football Team.

These honors could not have gone to a more deserving Tiger. Congratulations, Tom, for the very able leadership and loyalty that you have given all of us here at Cristobal High School.
